

We are looking forward welcoming you in Pisa on October 16-20

## INBOTS Conference 2018

**The flagship event of the scientific, academic and end-users  
actors of the European project INBOTS**

"Inclusive Robotics for a better Society"

**Bringing together 200  
stakeholders from the  
Interactive Robotics  
community from all over  
Europe and worldwide**

**Your contributions will help  
us to develop future issues to  
be further explored by  
INBOTS and to fed into the  
challenges of  
Interactive Robotics**

### INBOTS CONFERENCE KEY DATES

|                         |                     |
|-------------------------|---------------------|
| Deadline for submission | September 15th      |
| Peer review             | September 15th-28th |
| Final Manuscript        | October 5th         |

### Submission guidelines and procedure

- ✓ Extended abstract (2 pages) contributions are welcome. Also full manuscripts will be accepted.
- ✓ Templates available in the Conference website.

# INBOTS CSA promotes collaboration between four **pillars** in relation to Interactive Robotics, to work on six main **domains**

A consortium of 25 partners from 12 different European countries bringing together experts from different disciplines to establish a working synergy between all the relevant stakeholders in Interactive Robotics and to promote Interactive robotics understanding and acceptance.

This Project has received funding from the European Union's Horizon 2020 research and innovation program under grant agreement No 780073
